

**Calling all Runners and Walkers!
Join the PICU POUNDERS at the
25th Sawston Fun Run
May 9th 2010**

PICU is proud to have been chosen as the major beneficiary of this year's event. It is hoped that they will be able to donate sufficient funds to purchase a Dash Portable Monitor which is a state of the art wireless machine which enables us to monitor children safely in transport both to and from regional hospitals and within the hospital. It also links to our unit equipment enabling information to be sent ahead.

The course is a flat, 5 mile circuit in Sawston, and is open to runners, walkers, adults, children, babies and toddlers in pushchairs, wheelchairs and dogs. You can run, jog, walk or crawl!

PICU would like to enter a team of all disciplines and ages, staff, partners, friends, patients and families

We will provide you with a PICU POUNDERS shirt, a soft drink and look after your registration and fee. However we will also provide you with a sponsor form as extra help would be appreciated if possible!

Register by March 15th to be assured of your shirt and 5 week training plan!
