19<sup>th</sup> October 2010,  
6pm til 9pm,  
The Board Room, Addenbrooke's Hospital  
Parking available in the main visitor car park

*The Rosie Hospital is an established name throughout the East of England, having provided specialist services for over 25 years, offering women and babies in the region first-class maternity, neonatal and gynaecological services. We'd be delighted if you'd join us to hear our exciting plans for the development of the Rosie, which will see the building almost double in size in order to meet the needs of our growing community and offer the best care possible to women and babies in the East of England.*

***Come and hear first hand about how the Corporate Forum can play its part in this campaign. Without your ongoing support, ventures such as the above would not be possible, so please join us and find out more.....***

***Plus, you have the opportunity to hear an inspiring talk from Dr Wilf Kelsall, Consultant Neonatologist and Paediatric Cardiologist, who will share with us news of his exciting developments in Neonatal Cardiology at the Rosie – how hundreds of babies across the region have received expert care in recent years, and how new developments will mean a brighter future for sick newborns across the East of England***

To network and hear more, please RSVP to me by return.
