

Cambridge
Global Health Partnerships

East of England Global Health Conference

Connecting Academia & Clinical Practice

Professor Peter Hutchinson

Professor of Neurosurgery, University of Cambridge

Director, NIHR Global Health Research Group on Neurotrauma

Sponsors & Collaborators

Why are we here?

- To share learning from global health activity in the era of the sustainable development goals
- To encourage and enable more collaboration between clinicians and academics
- To launch the East of England Global Health Partnerships Network.

A Changing Landscape
